HISTORIC AMERICAN ENGINEERING RECORD

SUBLET MINE NO. 6, PORTAL TWO  
(MAIN SLOPE, HAULAGE)

HAER No. WY-54-B

HAER  
WYO  
12-KEMM.V  
1B-

**Location:** Northern-most portal, west side of valley  
Willow Creek Valley  
3 Miles North of U.S. Highway 189  
intersection with County Road 306  
1/4 Mile East of County Road 306  
Lincoln County  
Wyoming

**Significance:** This portal provided an exit for cars  
bringing coal from Sublet Mine No. 6

**Description:** Constructed of cut stone and concrete, with  
stair-stepped wings on each side, the portal  
entrance is an arch that bears the words "No.  
6 1913." The mine entrance is sealed about  
twenty feet into the portal. Vandals have  
chipped the letters.

**History:** Constructed in 1913 as an integral part of  
the Sublet Mine No. 6, built, operated and  
owned by Kemmerer Coal Company.

**Sources:** State Mine Inspector Reports, 1913-1927;  
Kemmerer Coal Company Collections in Fossil  
Country Museum (Kemmerer), American Heritage  
Center (University of Wyoming), Wyoming  
Historical Research Division (Cheyenne)
